Re: A3122

Dear Assemblyman Caraballo,

A VOTE IN FAVOR OF A3122 IS A VOTE AGAINST PUBLIC SAFETY

If someone, anyone, wishes to practice acupuncture or any other from of healthcare, they should be properly trained and prove their competency before treating the public. Acupuncturists could not hope to practice chiropractic with an abbreviated course of training. Why would the reverse be different?

REMOVE ALL REFERENCES TO ACUPUNCTURE FROM A3122:

NAME: _____

CITY/STATE/ZIP CODE: _____

Thank you
